DETAILED ACTION

Allowable Subject Matter

1. Claims 1-10 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The examiner notes that the previously cited prior art does not suggest of disclose the apparatus with a foil liner as in the claims. Although Yasuo has a graphite crucible with a inner lining of a tantalum plate, there is no suggestion to use a foil as defined by applicant. Those of ordinary skill would not equate the plate of Yasuo with the claimed foil. Additionally, although Shigehiro discloses a thin film of TaC adhered to the crucible, the crucible itself is of Ta and does not suggest to those of ordinary skill a foil or Ta within a graphite crucible .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
